DEPARTMENT OF CORRECTION

RIVERBEND MAXIMUM SECURITY INSTITUTION, DAVIDSON COUNTY, TENNESSEE

- 1) Commissioner Campbell presented a request for approval of a project for **Security Electronics Upgrade** at Riverbend Maximum Security Institution and selection of a designer to design and supervise the project. Speaker Naifeh asked if the proper security electronics was not installed in the beginning. Larry Kirk responded that, based upon the security electronics master plan, the State had adopted a new standard for perimeter fence design. He said this was the sixth prison as part of upgrading all prisons statewide. He said the total cost would be \$30-\$40 million over a five year period at eight facilities. When asked about perimeter systems at privately managed prisons, Mr. Kirk responded that they do not require private management to use a particular system.

After further discussion, the Commission approved the request and the selection of Buford Goff & Associates to design and supervise the project.

Estimated Project Cost: \$4,750,000.00
SBC Project No. 142/020-01-02

- 2) Approved a project for **Water Infiltration Study** at Riverbend Maximum Security Institution and the selection of McCampbell & Associates to perform the study.

Estimated Project Cost: \$150,000.00
SBC Project No. 142/020-02-02

NORTHWEST CORRECTIONAL COMPLEX, LAKE COUNTY, TENNESSEE

- 1) Commissioner Campbell presented a request for approval of a revision in the estimated project cost from \$450,000.00 to \$960,000.00 (\$510,000.00 increase), allocation of funding and authorization to proceed with a project for **Sewer System Upgrade** at Northwest Correctional Complex, Lake County, Tennessee. Treasurer Adams said that they had enlarged these facilities some time ago and asked how have they made it from then until now. He said he thought the sewer projects should have been brought up when the need of double-celling came about. After general discussion, the request was approved as presented.

Revised Estimated Project Cost: \$960,000.00
SBC Project No. 142/016-01-02

TURNEY CENTER INDUSTRIAL PRISON, HICKMAN COUNTY, TENNESSEE

- 1) Approved a project for **Infrastructure & Utility Evaluation Plan** at Turney Center Industrial Prison and the selection of Entech Engineering to perform the study.

SBC Project No. 142/017-01-00

MIDDLE TENNESSEE CORRECTIONAL COMPLEX, DAVIDSON CO., TENNESSEE

- 1) Approved a project and acknowledgment of the source of funding to **Renovate Dormitory Space** at Middle Tennessee Correctional Complex with design services to be accomplished by Departmental Consultants and construction by force account.

Estimated Project Cost: \$40,000.00
SBC Project No. 140/020-01-02

STATEWIDE

- 1) Commissioner Campbell presented a request for approval of a project and acknowledgment of the source of funding for **Systemwide Underground Heating and Cooling Study** at Riverbend Maximum Security Facility, Southcentral Correctional Center, West TN State Prison, Northwest Correctional Complex, Northeast Correctional Complex and other facilities as needed and selection of a designer to design and supervise the project. Larry Kirk explained that this project will examine and evaluate underground heating and cooling systems at the five named facilities and other facilities, as the need may develop, to find the exact condition of the systems and associated equipment in order to predict repair, replacement or modification costs. He said that this project was planned following the premature system replacement required at the DeBerry Special Needs Facility. He said the project will investigate conditions at facilities where preliminary signs of system distress have already appeared and partial repairs have been completed. Mr. Kirk added that the Select Oversight Committee on Correction (SOCC) requested that SBC approval should be conditioned upon additional information being provided to the SOCC officers justifying the cost and detailed scope of work planned for each prison prior to the expenditure of funds for this expensive system wide study, and that such information should include a careful examination of institutional reports of problems, similarity of problems, similarity of troubled systems to rest of prisons in terms of piping, installation, soil conditions, etc., and, based on the nature of the problems reported by prisons, a determination should then be made on a prison by prison basis whether funds are best spent for direct repair or for funding additional study.

After general discussion, the Commission approved the request and the selection of Smith Seckman Reid to design and supervise the project recognizing the requirements stipulated by the SOCC.

Estimated Project Cost: \$470,000.00
SBC Project No. 140/001-02-02

- 2) Approved a request to employ NJC, Inc. to assist the Department with engineering investigations, budget analysis and small project design and development for the term October 1, 2002 to September 30, 2003.

Estimated Project Cost: \$100,000.00
SBC Project No. 140/001-03-02

SPECIAL ITEMS

- 1) The Commission acknowledged receipt of the annual progress report for the **Prison Security Electronics Upgrade Five Year Strategic Plan** as presented by the Department of Correction.

SBC Project No. 140/001-01-98

- 2) The Commission approved a request for contractor and product pre-qualification on a project for the **Fence Detection Upgrade at Five Facilities**.

SBC Project No. 140/001-03-00

- 3) **Proposed State Contract with Hardeman County for CCA Whiteville Prison**

Todd Cruise of the Governor's office was recognized. He said that they are still waiting to get information back from the SOCC. He said they have an audit team going down to Hardeman County and will report back in 3-4 weeks. Comptroller Morgan stated that the SOCC recommended some steps be taken to look at the facility to make sure it is consistent with the State's best interest. He added that, as far as the Commission is concerned, they recognize that the contract is not yet complete. After discussion, the item was referred to the Subcommittee, with authority to act.

SBC Project No. 142/021-01-02

DEPARTMENT OF FINANCE AND ADMINISTRATION

10:48 a.m.

SPECIAL ITEM

- 1) Chief Justice Drowota presented a request for approval to accept a gift from the Tennessee Supreme Court Historical Society of plaques to be installed in the lobby of the Supreme Court Building in Nashville, which describes the history of the Tennessee Supreme Court and Tennessee Appellate Courts. He stated that these plaques will honor all previous and sitting judges of the Appellate Court of Tennessee tracing the history and development of the court system beginning in 1796 through the present. The Commission thanked Justice Drowota and approved the request as presented.

Estimated Project Cost: \$24,000.00
SBC Project No. 529/074-01-02

THE HERMITAGE, NASHVILLE, TENNESSEE

- 1) The Commission acknowledged receipt of the 2002 Annual Report for the Hermitage in Nashville, Tennessee.

STATEWIDE

- 1) Mike Fitts presented a request for approval of a project and acknowledgment of the source of funding for **MHMR Properties and Facilities Study, Statewide**, and selection of a consultant to assist in developing the study. Larry Kirk was recognized who stated that the correct source of funding should be Residual Capital Project Funds. He said a federal judge is supposed to rule next month with regard to State facilities and they would probably need to build a small facility in the future. He added that the plan calls for moving these patients into the community into group homes. Mr. Kirk said that Western Mental Health Institute will be losing its accreditation in about two years and it has 1200 to 1500 acres. He said the idea is to do a plan on how they might dispose of the property and they would like to determine the highest and best use of the land.

Speaker Naifeh questioned the future at Arlington. Commissioner Neel responded that they have been before the judge and they need to determine the best residual use of the land once the patients have been outplaced. He said these group homes accepting patients will be operated by family members of patients. He added that there are some patients who will require 24-hour care and the State will have to have a facility to accommodate them. He added that, in the interim five-year period, they will try to consolidate all patients into one building. Speaker Naifeh asked if they were going to build any new buildings at Arlington. Mr. Kirk responded that they may need to build a

small skilled nursing facility. Speaker Naifeh asked why they didn't use one of the buildings already there. Mr. Kirk replied that the funds they would gain from disposing the property could be used to build new facilities. Commissioner Neel said the plan is to place seven patients per month into community group homes. He added that those requiring 24-hour care might still require State custody and they would have to do something that might include renovation of existing buildings. Lieutenant Governor Wilder said he thought the whole thing was wrong. He said he was tired of the court ruling this State with wild ideas. He added that the buildings were old, but they don't leak. Speaker Naifeh commented that the community health centers, at one time, took care of 80% of the people with 20% of the funds, and at Arlington, it was vice versa. He added that the State Fire Marshal was getting ready to close one such facility in Covington. Deputy Commissioner Dishman responded that those were privately run facilities and all those agencies are required to comply with life safety codes.

After general discussion, the Commission approved the project and the selection of Johnson Johnson Crabtree to assist in developing the study.

Estimated Project Cost: \$150,000.00
SBC Project No. 344/000-05-02

NEW STATE OFFICE BUILDING, NASHVILLE, TENNESSEE

- 1) The Commission referred to the Subcommittee, with authority to act, a request for approval of a project for **New State Office Building** at Nashville, and selection of a designer to design and supervise the project.

Estimated Project Cost: \$35,500,000.00
SBC Project No. 529/088-01-02

JAMES K. POLK COMPLEX, NASHVILLE, TENNESSEE

- 1) Approved a project and acknowledgment of the source of funding for **Interior Modifications** at the James K. Polk Complex, Nashville, and the selection of Jack Freeman & Associates to design and supervise the project.
